MOTOR OIL FULL SYNTHETIC

SAE: 0W16 API SP

FLAXON 0W16 SP is a state-of-the-art full synthetic engine oil engineered to deliver superior fuel efficiency, outstanding wear protection, and enhanced engine cleanliness. Specially developed to meet the latest API SP standards, it provides excellent protection against low-speed pre-ignition (LSPI), sludge formation, and timing chain wear. Ideal for modern gasoline engines with turbochargers and direct injection systems.

Recommended for use with:

VW 501.01/502.00/505.01
 MB 229.3/229.51
 ACEA A3/B4, C3-08
 BMW LL-04
 Porsche A40

MOTOR OIL FULL SYNTHETIC

SAE: 0W20 API SP

FLAXON 0W20 SP is a state-of-the-art full synthetic engine oil engineered to deliver superior fuel efficiency, outstanding wear protection, and enhanced engine cleanliness. Specially developed to meet the latest API SP standards, it provides excellent protection against low-speed pre-ignition (LSPI), sludge formation, and timing chain wear. Ideal for modern gasoline engines with turbochargers and direct injection systems.

Recommended for use with:

GM Dexos1 GEN3
 ILSAC GF-6A
 Chrysler MS-6395
 FORD WSS-M2C962-A1
 Ford WSS-M2C947-A
 WSS-M2C947-B1

AVAILABLE PACKS

MOTOR OIL FULL SYNTHETIC

SAE: 5W20 API SP

FLAXON 5W20 SP is a premium full synthetic engine oil formulated to deliver excellent fuel economy, low-temperature start-up protection, and superior engine cleanliness. Compliant with the latest API SP standards, it offers advanced protection against wear, oxidation, and low-speed pre-ignition (LSPI). Designed for modern gasoline engines, including those with turbochargers and direct injection, it ensures optimized performance, reduced emissions, and extended engine life.

Recommended for use with:

ILSAC GF-6A
 Chrysler MS-6395
 Ford WSS-M2C945-A
 WSS-M2C945-B1
 Ford WSS-M2C930-A
 WSS-M2C960-A1

MOTOR OIL FULL SYNTHETIC

SAE: 5W30 API SP

FLAXON 5W30 SP is a premium full synthetic engine oil formulated to deliver excellent fuel economy, low-temperature start-up protection, and superior engine cleanliness. Compliant with the latest API SP standards, it offers advanced protection against wear, oxidation, and low-speed pre-ignition (LSPI). Designed for modern gasoline engines, including those with turbochargers and direct injection, it ensures optimized performance, reduced emissions, and extended engine life.

Recommended for use with:

GM Dexos1 GEN3
 ILSAC GF-6A
 Chrysler MS-6395
 Ford WSS-M2C946-A, M2C946-B1
 M2C961-A1, M2C929-A

MOTOR OIL SEMI SYNTHETIC

SAE: 10W30 API SN

FLAXON 10W30 SN is an ultra-high-performance, semi synthetic engine oil formulated to deliver exceptional fuel efficiency and superior engine protection. Specially designed for modern gasoline engines, it offers outstanding lubrication even in extreme climatic conditions. Its advanced additive technology ensures excellent thermal stability, oxidation resistance, and superior sludge control, keeping engines cleaner and running smoother for longer.

Recommended for use with:

ILSAC GF-6A
 Chrysler MS-6395
 Ford WSS-M2C945-A
 WSS-M2C945-B1
 Ford WSS-M2C930-A

AVAILABLE PACKS

MOTOR OIL HIGH PERFORMANCE

SAE: 20W50 API SJ

FLAXON 20W50 SJ is a high-performance engine oil specially formulated for older gasoline engines and vehicles operating under tough driving conditions. Its robust mineral base and fortified additive system ensure excellent engine cleanliness, wear protection, and oil film stability. Ideal for high-temperature climates and heavy-duty use, it offers dependable lubrication, reduced oil consumption, and enhanced protection against sludge and deposits.

PREMIUM

AVAILABLE PACKS

DIESEL ENGINE OIL

SAE: 15W40 API CK-4

FLAXON 15W40 CK-4 is a premium-quality diesel engine oil engineered for high-performance and heavy-duty diesel engines, including turbocharged and high-load applications. Formulated with advanced base oils and a robust additive package, it delivers superior protection against wear, soot, and deposits. Designed to perform under high temperatures and extended drain intervals, it ensures cleaner engines, reduced maintenance costs, and consistent performance across a wide range of operating conditions.

Recommended for use with:

ACEA E7, A3/B3/B4
 MB 229.1
 MAN M3275-1
 Deutz DQC III-10
 JASO DH1
 Cummins CES 20076/20077/78

AVAILABLE PACKS

DIESEL ENGINE OIL

SAE: 15W40 API CI-4/SL

FLAXON 15W40 CI-4/SL is a high-performance, heavy-duty diesel engine oil specially formulated to meet the rigorous demands of both diesel and gasoline engines. Blended with advanced base stocks and a cutting-edge additive system, it provides outstanding protection against engine wear, oxidation, and deposit formation. Ideal for high-load, turbocharged engines operating in extreme conditions, this oil ensures cleaner engine operation, extended oil drain intervals, and reliable performance across a wide temperature range.

Recommended for use with:

ACEA E9, E7, E4, E2
 Volvo VDS-4, 3, 2
 Mack EOS-4.5
 Ford WSS-M2C171-E
 Cummins CES 20081, 20077, 20076

DIESEL ENGINE OIL

SAE: 50 API CF-4

FLAXON SAE 50 CF-4 is a heavy-duty monograde diesel engine oil designed for older-generation engines operating under severe service conditions. Formulated with high-quality base oils and performance-enhancing additives, it offers reliable protection against wear, sludge, and oxidation. Ideal for naturally aspirated and turbocharged diesel engines requiring CF-4 performance, this oil ensures stable viscosity at high temperatures, enhanced engine cleanliness, and dependable lubrication in demanding environments.

PROTECH

AVAILABLE PACKS

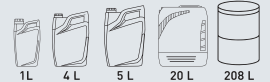

AUTOMATIC TRANSMISSION FLUID DEXRON-IV FULL SYNTHETIC

FLAXON ATF DEXRON IV is a high-performance fully synthetic automatic transmission fluid formulated to meet the demanding requirements of modern automatic transmissions. Blended with premium base stocks and advanced friction modifiers, it ensures smooth shifting, enhanced oxidation stability, and excellent wear protection. Its superior thermal stability and anti-foam properties offer consistent performance under extreme operating conditions, extending transmission life and maintaining peak efficiency over extended service intervals.

PREMIUM

AVAILABLE PACKS

AUTOMATIC TRANSMISSION FLUID DEXRON-III FULL SYNTHETIC

FLAXON ATF DEXRON III is a fully synthetic automatic transmission fluid formulated with premium, severely hydro processed base stocks and additives that helps provide oxidation and thermal stability, friction control, load carrying ability, corrosion and wear protection. It helps protect against the formation of deposits, sludge, varnish, foam and provide outstanding durability.

PREMIUM

AVAILABLE PACKS

AUTOMATIC TRANSMISSION FLUID TYPE-A

FLAXON ATF TYPE-A is a multi-purpose transmission fluid, designed for use in automatic gearboxes, where GM Type A Suffix A is quoted. Its special formula enables very smooth operation of torque converters and fluid couplings of automatic transmissions. is suitable for use in automatic transmissions of passenger cars and light duty trucks as well as in other power shift transmissions

PREMIUM

AVAILABLE PACKS

Continuously Variable Transmission Fluid CVT

FLAXON Continuously Variable Automatic Transmission (CVT) which transfer traction via steel-made traction chains or belts. is specifically formulated for today's technologically sophisticated variable transmissions. It is formulated with premium synthetic base stocks, long-life friction modifiers, special anti-wear additives, and shear stable viscosity modifiers.

PREMIUM

AVAILABLE PACKS

HEAVY DUTY GEAR OIL

SAE: 85W140 API GL-5

FLAXON 85W140 GEAR OIL is a high-performance gear lubricant designed for use in a wide range of automotive applications, including passenger cars, SUVs, light trucks, and vehicles equipped with limited slip differentials. Formulated with high-quality base oils and advanced additives, it delivers outstanding protection against gear wear, oxidation, and thermal breakdown. Its excellent load-carrying capability and shear stability ensure smooth operation and extended gear life, even under severe driving condition

GEAR PRO

AVAILABLE PACKS

HEAVY DUTY GEAR OIL

SAE: 80W90 API GL-5

FLAXON 80W-90 GEAR OIL is an extra high performance automotive gear lubricant specially developed for use in modern high-performance passenger cars, sports utility vehicles, vans and light-duty trucks with limited slip differentials. It is manufactured from premium quality base oils and advanced performance additives to provide exceptional protection against thermal degradation.

GEAR SYNC

AVAILABLE PACKS

HEAVY DUTY GEAR OIL FULLY SYNTHETIC

SAE: 75W90 API GL-5

FLAXON 75W90 GEAR OIL is a high-performance fully synthetic gear lubricant designed for use in a wide range of automotive applications, including passenger cars, SUVs, light trucks, and vehicles equipped with limited slip differentials. Formulated with high-quality base oils and advanced additives, it delivers outstanding protection against gear wear, oxidation, and thermal breakdown. Its excellent load-carrying capability and shear stability ensure smooth operation and extended gear life, even under severe driving condition

GEAR PRO

AVAILABLE PACKS

HEAVY DUTY GEAR OIL

SAE: 140 API GL-4

FLAXON GEAR OIL 140 GL-4 is a heavy-duty gear lubricant specifically formulated for manual transmissions, differentials, and final drives requiring API GL-4 performance. Made with high-quality base oils and balanced additive technology, it ensures reliable protection against wear, rust, and oxidation. Its high viscosity provides a strong lubricating film under extreme pressure, making it ideal for high-load, low-speed applications in commercial and off-road vehicles. Delivers smooth gear operation and long-lasting performance even in harsh operating environments.

GEAR PRO

AVAILABLE PACKS

HEAVY DUTY GEAR OIL

SAE: 90 API GL-4

FLAXON GEAR OIL 90 GL-4 is a heavy-duty gear lubricant specifically formulated for manual transmissions, differentials, and final drives requiring API GL-4 performance. Made with high-quality base oils and balanced additive technology, it ensures reliable protection against wear, rust, and oxidation. Its high viscosity provides a strong lubricating film under extreme pressure, making it ideal for high-load, low-speed applications in commercial and off-road vehicles. Delivers smooth gear operation and long-lasting performance even in harsh operating environments.

GEAR PRO

AVAILABLE PACKS

HEAVY DUTY HYDRAULIC OIL

AW-10

FLAXON HYDRAULIC OIL AW-10 is a premium anti-wear hydraulic fluid specially formulated for light-duty hydraulic systems operating under low pressure and temperature conditions. It offers excellent protection against wear, rust, and oxidation, ensuring smooth and reliable performance. Its superior thermal and hydrolytic stability helps extend equipment life and reduce maintenance costs. Ideal for use in precision machinery, small hydraulic systems, and equipment requiring ISO VG 10 grade oil.

HYDRO TECH

AVAILABLE PACKS

HEAVY DUTY HYDRAULIC OIL

ISO 68

FLAXON HYDRAULIC OIL 68 is a high-quality anti-wear hydraulic fluid designed to deliver reliable performance in a wide range of industrial and mobile hydraulic systems. Formulated with premium base oils and oxidation-resistant additives, it ensures excellent wear protection, thermal stability, and corrosion resistance. Its superior filterability and quick air release properties help maintain smooth and efficient system operation, reducing downtime and extending equipment life in both high- and low-pressure applications. ing performance even in harsh operating environments.

HYDRO TECH

AVAILABLE PACKS

HEAVY DUTY HYDRAULIC OIL

ISO 46

FLAXON HYDRAULIC OIL 46 is a high-quality anti-wear hydraulic fluid designed to deliver reliable performance in a wide range of industrial and mobile hydraulic systems. Formulated with premium base oils and oxidation-resistant additives, it ensures excellent wear protection, thermal stability, and corrosion resistance. Its superior filterability and quick air release properties help maintain smooth and efficient system operation, reducing downtime and extending equipment life in both high- and low-pressure applications. ing performance even in harsh operating environments.

HYDRO TECH

AVAILABLE PACKS

HEAVY DUTY HYDRAULIC OIL ISO 32

FLAXON HYDRAULIC OIL 32 is a high-quality anti-wear hydraulic fluid designed to deliver reliable performance in a wide range of industrial and mobile hydraulic systems. Formulated with premium base oils and oxidation-resistant additives, it ensures excellent wear protection, thermal stability, and corrosion resistance. Its superior filterability and quick air release properties help maintain smooth and efficient system operation, reducing downtime and extending equipment life in both high- and low-pressure applications. ing performance even in harsh operating environments.

AVAILABLE PACKS

4T ENGINE OIL SEMI SYNTHETIC

SAE: 20W40 API SN JASO MA2

FLAXON 4T 20W40 is a semi synthetic high-performance engine oil formulated specifically to meet the demanding needs of motorcycle engines. It is primarily for on-road, high-performance, 4-cycle sport bikes, however, it may be used in other types of on and off-road 4-cycle motorcycles. It is formulated to help offer outstanding protection in 4-cycle, V-Twin type engines, particularly those which are air cooled and tend to run hotter than other types of engines.

BRAKE FLUID

DOT-4

FLAXON BRAKE FLUID DOT 4 is a high-quality brake fluid formulated to meet the performance requirements of DOT 4 specifications. It provides reliable and consistent braking performance across a wide range of temperatures, offering excellent protection against vapor lock, corrosion, and brake system wear. Suitable for use in disc, drum, and ABS brake systems of passenger cars and light commercial vehicles, it ensures safe and responsive braking under both normal and demanding driving conditions.

PREMIUM

AVAILABLE PACKS

BRAKE FLUID

DOT-3

FLAXON BRAKE FLUID DOT 3 is a high-quality brake fluid formulated to meet the performance requirements of DOT 3 specifications. It provides reliable and consistent braking performance across a wide range of temperatures, offering excellent protection against vapor lock, corrosion, and brake system wear. Suitable for use in disc, drum, and ABS brake systems of passenger cars and light commercial vehicles, it ensures safe and responsive braking under both normal and demanding driving conditions.

PREMIUM

AVAILABLE PACKS

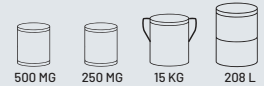

MULTIPURPOSE CALCIUM GREASE MP3

FLAXON Multi-Purpose Calcium Grease MP3 is engineered with precision to meet the demands of various machinery and equipment, making it a versatile solution for your lubrication needs. Formulated with a calcium-based thickener, our grease boasts exceptional water resistance, providing a protective shield against corrosion. Its resilience to different temperatures and loads makes it the ideal choice for automotive, industrial, and household applications alike.

PREMIUM

AVAILABLE PACKS

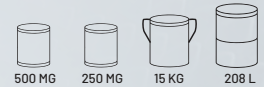

MULTIPURPOSE CALCIUM GREASE MP2

FLAXON Multi-Purpose Calcium Grease MP2 is engineered with precision to meet the demands of various machinery and equipment, making it a versatile solution for your lubrication needs. Formulated with a calcium-based thickener, our grease boasts exceptional water resistance, providing a protective shield against corrosion. Its resilience to different temperatures and loads makes it the ideal choice for automotive, industrial, and household applications alike.

PREMIUM

AVAILABLE PACKS

EXTREME PRESSURE LITHIUM GREASE NLGI 2

FLAXON Lithium Grease NLGI-2 is a high-performance, multi-purpose lubricant designed to deliver reliable protection and smooth operation across a wide range of mechanical applications. Formulated with a lithium-based thickener, it offers excellent thermal stability, mechanical shear resistance, and water repellency, making it suitable for use in automotive chassis, wheel bearings, industrial machinery, and general-purpose lubrication.

PREMIUM

AVAILABLE PACKS

EXTREME PRESSURE LITHIUM GREASE NLGI 1

FLAXON Lithium Grease NLGI-1 is a high-performance, multi-purpose lubricant designed to deliver reliable protection and smooth operation across a wide range of mechanical applications. Formulated with a lithium-based thickener, it offers excellent thermal stability, mechanical shear resistance, and water repellency, making it suitable for use in automotive chassis, wheel bearings, industrial machinery, and general-purpose lubrication.

WHY CHOOSE **FLAXON LUBRICANTS**

Unparalleled Quality:

Our Lubricants are crafted using the finest base oils and advanced additives, providing superior protection against wear, friction, and thermal breakdown. Trust in our products to keep your engine running smoothly and efficiently.

Engine Performance:

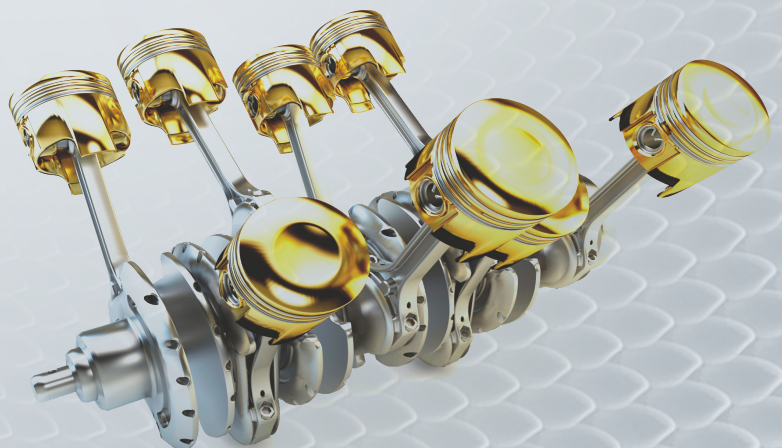

With FLAXON LUBRICANTS, experience enhanced engine performance and power. Our formulations optimize engine cleanliness, reduce deposits, and improve fuel economy, ensuring peak performance on every drive.

Extended Engine Life:

Our Lubricants are engineered to safeguard your engine against harmful contaminants and minimize wear. By reducing friction and maintaining proper lubrication, FLAXON LUBRICANT motor oils contribute to the longevity of your engine.

Versatility:

Whether you own a car, SUV, motorcycle, or operate heavy-duty machinery, we have a diverse range of motor oil products to cater to your specific needs. Trust FLAXON LUBRICANTS to provide the right oil for every application.
